1. **Stars are relaxing like a fire** (people want and need a way to relax)
2. **Free word-of-mouth advertising** (referral marketing flat out works best!)
3. **Multiple rooms/call-backs** (as a house painter, I have been called back to do another painting project many times)
4. **People love light shows** (Christmas, fourth of July. The oohs and the aahs!)
5. **Make more money in one DAY than most people make all week working for the man** (people work all week to make \$500 and you can make that in a single day.)
6. **It's light work - great for retirees** (you don't even have to stand on a step ladder much.)
7. **A great add-on for the 'home improvement' niche** (if you are in people's homes a lot, just leave a sample poster.)
8. **The amount of star paint used is cheap and just pennies on the dollar** (very little star paint is needed.)
9. **We are all made of star stuff** (we are wired to the stars.)
10. **Kids always say YES!** (Children especially love the stars! Realistic looking stars, not stick-on stars.)
11. **If you love what you do** (you'll never have to dread working again. Creating star murals are fun.)
12. **Make extra money with add-ons** (things like space ships, unicorns, fairies, shooting stars, planets, etc.)

13. **Work anywhere** (go on vacation and stay there!)
